About the position

Are you passionate about DevOps and ready to dive into real-world projects? Join us as a DevOps Engineer Intern, where you help with deploying, managing, and monitoring our cutting-edge platform products. This is your chance to gain hands-on experience and make a meaningful impact from day one!

What will you gain from the internship?

- Hands-on experience with scalable production infrastructure.
- Learn how to utilize the cloud for running platforms in production and development environments.
- Gain experience with projects going from a concept phase to deployment.
- Be part of a well-oiled team.
- Opportunity to join us full time after the internship ends.

Your responsibilities:

- Design, develop, and maintain software that handles deploying, scaling, and monitoring of our products.
- Establish design patterns and best practices for building new product features in a scalable and reliable way.
- Help other departments apply those patterns and participate in the early stages of feature design when needed.
- Help developers diagnose production issues and hunt down elusive bugs.
- Ensure uptime objectives are met by participating in controlling the risks and rate of change in collaboration with the QA team.

Qualifications:

- **Active student status in Slovenia.**
- Basic understanding of Linux.
- Should be interested in how things work and always be willing to dig deeper.
- Programming skills in TypeScript (JavaScript), Bash; HCL is a plus.
- Experience with AWS CloudFormation is a plus, but not mandatory.
- Good verbal and written English communication skills.
- Willingness to constantly learn and improve.
- Team player.

What brings extra points?

- Experience with database design.
- Experience with using Docker.
- Experience with AWS.
- Passion for cloud computing.

What do we offer?
• Competitive salary.
• Buddy and mentor that will help you grow professionally, plus a well structured career development plan.
• Hybrid working: you can choose to work from home or join us in our Ljubljana office.
• Flexible hours and work-life balance. We focus on results rather than schedules.
• Top-notch working equipment.
• We have fun. We organize regular team & company events.
